

The Over 50s Show

"We take part in numerous events throughout the year and The Over 50s Show is always one of the most successful in terms of interest and sales and we look forward to it again this year".

Roger Cummiskey, President, AIA

The Show takes place in Estepona on 08 and 09 November, 2014 at the Palacio de Ferias y Congresos.

Join us at our for the Over 50s' Show.

The Over 50s' Show, the lifestyle event for everybody is returning to Spain for the sixth time in November 2014, following its huge success with previous Costa del Sol events.

The last five Over 50s' Show aimed at the coast's senior citizens have attracted an average of 85 exhibitors and 6,500 visitors, (mainly British, Irish and Continental expats as well as many native Spanish seniors).

The 2014 show will repeat the well-proven Over 50s' Show formula, which has served it so well for over 16 years, and which worked so brilliantly for the 2007, 2008, 2009, 2010 and 2011 events on the Costa del Sol.

Programs

Yet again, the organiser has confirmed it will be continuing its winning formula with most of its popular features like wealth management, health checks, computer tuition, Antiques, fashion, golf lessons, Artworks AIA, information and advice on cosmetic procedures, among various programs and presentations.

In addition, the organiser has also managed to get Eric Knowles, known to millions for his appearances on The Antiques Road show, who will once again be giving free valuations of collectables.

Venue for the Over 50s' Show

The popular Estepona (Exhibition and Conference Centre) will host the Over 50s' Show again this year. The venue features over 4,000 sq. metre exhibition area, a separate conference facility and ample free parking.

Our artists this year include Members from Holland, Ukraine, The UK, Ireland and Spain. Meta Wolters, Alyona Panova, Richard Wood, Elizabeth Bishop, Dolores Cummiskey, Roger Cummiskey, Juan Cruz Plaza and Enrique Linaza.

If you are an artist and would be interested in joining us and exhibiting your work then please go to our website www.aia-artgroup.com and fill in the application form or call our President, Roger Cummiskey at +34 666 78 26 42. Exhibition organizer John Low said, "I am delighted with the very professional approach from the AIA group and believe that their artists will substantially contribute to the success of this popular exhibition. The artworks on display are all of very different subject matters but all with the same aim which is to reflect on the artist's view of the world, sometimes entering into the realms of fantasy".

The AIA-Group was formed in 2004 by professional and dedicated visual artists from around the world who are all living and working in Andalucía. The Group's objectives are to encourage members to promote their work, enhance their knowledge, and assist them in their careers and to promote the best standards as artists between people from diverse backgrounds.
